

For Immediate Release

PRESS RELEASE

NORTHERN AND REGIONAL ECONOMIC DEVELOPMENT PROGRAM FUNDS MAIN STREET REHABILITATION PROJECT

Mayerthorpe, Alberta, June 17, 2024 –

Mayerthorpe has received official notification of its application being approved under the Northern and Regional Economic Development (NRED) Program!

Main Street Rehabilitation Project provides for repairs to curb and gutter, brick sidewalk, drainage channels, and drainage channel heat trace. Additional enhancements include new digital sign, benches, garbage receptacles, and flower containers. Rehabilitation will result in increased safety, improved storm water drainage, and beautification of Main Street.

Staff are currently seeking quotes to complete the work which is anticipated to be completed by October 2024.

The Project is made possible with 50% funding from the Northern and Regional Economic Development Program with the remainder from the Town totalling \$200,000!

“Things are hopping on our main street! Businesses are selling, buildings are getting facelifts and new businesses are opening. It’s fitting that we’re working on upgrading sidewalks and curb & gutter, not to mention the beautification items that will enhance the appearance of our main street”, said Jabush. “Many thanks to the NRED Program for their support enabling economic development in rural Alberta!”
