

MUNICIPAL SUSTAINABILITY PLANNING

The Town of Mayerthorpe is in the process of preparing a long-range plan so that, in 25 years from now, we'll still be around and, more importantly, be a vibrant, viable community. This is **your** town, so we want and need your ideas and input. Will you please take a few minutes of your time to fill in the following survey and return it to the Town of Mayerthorpe either personally or mail it to us at Box 420 by August 21, 2009.

Thank you for your participation.

Sylvia Krikun, Economic Development Assistant

Finally, close your eyes and imagine Mayerthorpe in 25 years from now. What do you see? What do the buildings look like? What are the people doing? Where are they working? How are they travelling? Where are they shopping? What is there to do in the areas of recreation and culture? How do green spaces and water fit into the picture? What do you see when you walk around the town? How is Mayerthorpe better?
