

## PRESS RELEASE

May 30, 2017

### ATCO Selects Mayerthorpe for Pilot Housing Project!

Mayerthorpe has entered into an innovative partnership with ATCO to launch its flagship pilot project which will see the placement of new modular housing within the new subdivision (formerly known as Ellis Granley Park) recently developed by the Town.

ATCO selected Mayerthorpe as a pilot community because of the Town's development readiness being the new subdivision, the size of the subdivision being a great fit for a pilot project of this nature, and recognition of the Town's work in rehabilitation of its key utility infrastructure to ensure the long term sustainability of the community.

Council is pleased to collaborate with ATCO being a company with outstanding integrity, decades of experience, and proven financial stability! This partnership supports the Town's strategic goals in providing new quality affordable housing in Mayerthorpe by enabling economic support to businesses in Town and the region. It also introduces new housing into the market to provide further opportunity for population growth, assessment growth, increased market values, and improved housing demographics within the Town.

Mayor Patrick: "The project will provide for above-standard, durable, and built-to-last modular housing permanently placed on state-of-the-art concrete foundations, landscaped yards providing for a modern street scape neighborhood, and purchasers will be provided with optional garage packages."

If you have an interest in listing information, home specifications, or sales inquiries, please contact Pat Hansard, Realtor with Royal LaPage at: Cell: 780-886-4168 E-mail: [pat@pathansard.com](mailto:pat@pathansard.com) Fax: 587-689-2080

ATCO will be holding a public open house in the near future. Once a date and time is determined, a public notice will be issued.

Kate Patrick
